
round and tool
what the dossier gains
what the round shows
00
Briefing, first day at the fictional firm
the question for Friday's committee
an instrument is used only once it is calibrated
invisible text payload carried by the workshop page itself
01
Model without sources (prompt as specification)
supplier selection criteria
an invented standard; retraction under a bare "are you sure?"
02
Document-grounded tool (retrieval-augmented)
the applicable safety rules
it cites the passage and declines when the answer is absent
03
Multimodal model (image reading)
the scrap-rate trend
the model reads micro-text the eye does not see
04
Assisted spreadsheet (formula writing)
the cost of scrap
a confident total for an incomplete question
05
Diagram generator (restating reasoning)
the reasoning, laid out
a loose draft gives a loose diagram
06
Handover to the mini-project
a second dossier, a signed answer expected
the method travels to an unguided task
